EARTHIQ ECO FACILITY MANAGEMENT

Intelligent Care for Elevated Spaces

At EarthIQ we deliver integrated facility services grounded in eco-intelligent systems, non-toxic methodologies, and disciplined operational standards.

Each of our service is structured to support asset longevity, occupant wellness and refined visual outcomes, while aligning seamlessly with the expectations of residences and corporate environments.

THE EARTHIQ STANDARD

All EarthIQ services are delivered using non-toxic, low-residue systems, plastic-reduced tools and process-led protocols.

Our methods prioritise asset longevity, indoor air quality, and ESG alignment, ensuring every service performs at the highest standard, without visual, environmental or operational compromise.
